bruno_cua1776 The tree of liberty often has to be watered from the blood of tyrants. And the tree is thirsty.
The bottom picture is patriots spearing an American Flag into the United States Capital.
What happened at the capital was a constitutionally protected right. WE THE PEOPLE have a right to rise up and overthrow a tyrannical government.
Violence is never the answer? You denounce violence? Do you denounce the revolutionary war? Do you denounce the "shot heard around the world"?
The only reason you're here today is because of violence against tyranny. This country exists because of violence. I'm not saying it's always the answer, but it's a final resort when all else fails and the entire government ignores its people. THEY HEAR US NOW!
